Rights	What does this mean?
The right to object to processing	You have the right to object to certain types of processing, including the purpose of contacting you, including by email, SMS, messaging services such as Whatsapp, WeChat, etc and telephone in the ordinary course of our investment and operational activities, where we have a business relationship with you.
The right to be informed	You have the right to be provided with clear, transparent and easily understandable information about how we use your Personal Data and your rights. This is why we're providing you with the information in this GDPR Addendum. If we intend to use your Personal Data in a way not covered by this policy, we will continue to keep you informed prior to any such use.
The right of access	You have the right to obtain access to your Personal Data (if we're processing it), and certain other information (similar to that provided in this GDPR Addendum). This is so that you are aware and can check that we are using your Personal Data in accordance with data protection law.
The right to rectification	You are entitled to have your Personal Data corrected if it is inaccurate or incomplete.
The right to erasure	This is also known as 'the right to be forgotten' and, in simple terms, enables you to request the deletion or removal of your Personal Data where there is no compelling reason for us to keep using it. This is not a general right to erasure, especially as we are not required, under the Personal Data Protection Act ("PDPA") in Singapore, to allow access to and correction of Personal Data in certain situations.
The right to restrict processing	You have rights to 'block' or suppress further use of your Personal Data. When processing is restricted, we can still store your Personal Data, but may not use it further. We keep lists of people who have asked for further use of their Personal Data to be 'blocked' to make sure the restriction is respected in future.
The right to data portability	You have rights to obtain and reuse your information for your own purposes across different services. For example, if you decide to switch to a new provider, this enables you to move, copy or transfer your information easily between our IT systems and theirs safely and securely, without affecting its usability.
The right to lodge a complaint	You have the right to lodge a complaint about the way we handle or process your information with your relevant national data protection regulator.
